

Corporate Governance Charter

as last amended by the Board of Directors on

5 December 2019

I. Preamble

The present Charter has been adopted by the SES Board of Directors as a complement to the Company's legal and regulatory obligations, its articles of incorporation ("the Articles") and its internal regulations ("the Internal Regulations"). It has last been amended on 5 December 2019.

The primary purpose of the present charter is to consolidate the corporate governance rules and procedures applied by SES in one document, and to ensure that the Company complies with the Ten Principles of Corporate Governance adopted by the Luxembourg Stock Exchange both in letter and in spirit. As a company which is also listed on Euronext Paris, SES also intends to comply with the corporate governance rules applicable in France. The Company's annual report will include a statement explaining how it has applied these principles and confirming whether or not it has complied with the provisions thereof during the applicable accounting period.

Where the present charter deviates from the Company's Articles, the latter shall prevail.

II. Board of Directors (Board)

Pursuant to the applicable law and the Articles, the Company is managed by the Board.

In accordance with articles 441-6 and 441-10 of the Luxembourg Company Law, as amended, the Board delegates the daily management of the Company, as well as the representation of the Company in relation to this daily management, to the Executive Committee (cf. IV below).

The Board also attributes specific duties and tasks to various committees and/or working groups ("Committees").

1. Composition and Nomination

Pursuant to Article 9A of the Articles, the Directors shall be natural persons but need not be shareholders. They are elected by the annual general meeting of shareholders ("AGM"), which determines their number, their remuneration and their term of office. The maximum tenure on the Board is limited to 12 years (generally four terms of 3 years each).

The Board elects from its members a Chairperson and two Vice-Chairpersons, one from each group of directors proposed by each class of shareholders. The Vice-Chairperson representing the A-shareholders will interact with any institutional investor who expresses the wish to speak to the Lead Independent Director.

The age limit of the Directors is set at 72 years. Any Director who reaches this age during his/her mandate will resign at the AGM following this date.

The Board is further composed in accordance with the provisions of the Articles.

At least one third of the Directors shall be independent Directors. Independence is defined as having no relationship of any kind as listed hereafter with the Company or Management which may impact the Director's judgment:

- not having been an employee or officer over the last 5 years;
- not having had a material business relationship with the Company over the last 3 years; or
- not representing a significant shareholder holding directly or indirectly over 5% of the voting shares.

2. Meetings

b) Convening of Meetings and Agenda

Meetings must be convened in writing by the Chairperson or, in case of impediment, by one of the Vice-Chairpersons.

Pursuant to the Articles, the notices shall be given in writing, contain the place, date time and agenda of the meeting. The notices shall be sent at least ten days before the meeting by letter, e-mail, facsimile or any other electronic means individually accepted by each of the Directors. Each meeting will start and finish with a restricted session without the presence of any Executive Committee member.

Any supporting material as may be required for the Board to adopt an informed decision shall be sent at least one week before the meeting.

In exceptional cases being, situations of particular urgency, a 24 hours prior notice shall suffice for convening a Board. The notice shall duly set out the reason for the urgency and the Board shall acknowledge such at the relevant meeting.

If all Directors are present or represented and no objection is raised, the convening formalities may be waived, and the meeting may be held without observing the aforementioned formalities. At such a meeting, discussions may take place and resolutions may be adopted on all business matters within the Board's scope of authority.

Any Director may participate in any meeting of the Board by conference call or other means of communications allowing all the persons taking part in the meeting to hear each other. In such case, the participation in a meeting by these means is equivalent to a participation in person at such meeting when considering whether the quorum has been reached.

Any Director may act at any meeting of the Board by appointing in writing by e-mail or other means of electronic transmission as from time to time accepted by the Board another member of the Board as his or her proxy. Such proxy will only be valid for one meeting of the Board (unless such meeting is a meeting that has been reconvened upon a first meeting with the same agenda not having been quorate). A Director may not represent more than one of his or her colleagues.

The CEO and the CFO shall in principle be invited to attend all meetings of the Board. They shall have no voting rights.

The vote of the Board shall not be secret, except if the Chairperson or three Directors expressly require so. Such request does not have to be justified and may be made at any moment before the vote. The minutes shall mention such circumstances.

Notwithstanding the foregoing, a resolution of the Board may also be passed by unanimous consent in writing which may consist of one or several counterparts containing the resolutions and signed by each and every member of the Board. The date of such a resolution shall be the date of the last signature.

Minutes of the deliberations and resolutions shall be kept in writing. They shall be submitted for approval at the next Board meeting. Circular resolutions of the Board shall be included in the minutes of the subsequent meeting.

The approved minutes will be signed by the Chairperson of the Board. Any extract thereof may be duly certified by the Secretary of the Board.

The Directors will devote as much of their time, attention, ability and skills as are reasonably required for the performance of their duties. The Directors shall in principle assess on a regular basis

their individual and collective performance as well as of the different Committee and the Executive Committee in accordance with prevailing governance standards. Engagement and commitment to Board preparation will be addressed in the annual performance review.

Fiduciary Depositary Receipts (FDRs) which have been issued by Banque et Caisse d'Epargne de l'Etat who holds the underlying A-shares (1 A-share for 1 FDR) are listed on the Luxembourg Stock Exchange and on Euronext Paris.

Class-A shares

Class-A shares are defined as shares held by private and institutional investors.

Class-B shares

Class-B shares are owned by the Luxembourg State and by two (2) entities wholly owned by the Luxembourg State. Class-B shares have 40% of the economic rights of Class-A shares.

Restrictions on the Ownership of the Company's shares

In accordance with the Company's Articles, no shareholder of class A may hold, directly or indirectly, more than 20% (twenty per cent), 33% (thirty-three per cent) or 50% (fifty per cent) of the Company's Shares unless it has obtained prior approval from the Meeting of

Shareholders in accordance with the procedure described here-below. Such limit shall be calculated by taking into account the Shares of all classes held by a shareholder of Class A.

A shareholder or a potential shareholder who envisages to acquire by whatever means, directly or indirectly, more than 20%, 33% or 50% of the Shares of the Company (a "Demanding Party") must inform the Chairperson of the Board of the Company of such intention. The Chairperson of the Board will forthwith inform the Luxembourg Government of the envisaged acquisition which may be opposed by the Luxembourg Government within three months from such information should the Luxembourg Government determine that such acquisition would be against the general public interest.

In the event that there is no opposition from the Luxembourg Government, the Board will convene an Extraordinary Meeting of Shareholders which may decide with a majority of at least two thirds of the votes of the shareholders present or represented to authorise the Demanding Party to acquire more than 20%, 33% or 50% of the Shares, as the case may be. If the Demanding Party is a shareholder of the Company, it may attend the general meeting and will be included in the count for the quorum but may not take part in the vote.

2. Convening of Shareholders Meetings

The Annual General Meeting of Shareholders is held on the first Thursday in April at 10.30 AM or if such day is a legal holiday, on the preceding business day. The meeting will be held at the Company's registered office, unless otherwise specified in the convening notice which shall also include the agenda of the meeting and the draft resolutions.

The convening notice shall be sent to registered shareholders at least thirty days prior to the meeting.

FDR holders shall be notified through notices in the press as well as through the two international clearing systems, Clearstream and Euroclear.

All Directors and all the members of the Executive Committee shall be invited to attend the Annual General Meeting of Shareholders.

An extraordinary meeting of shareholders may be called by the Board at any time. Upon request of shareholders holding together at least one tenth of all shares, the meeting shall be called by the Chairperson, or in the case of impediment, by one of the vice-chairpersons of the Board within thirty (30) days of the shareholders' request.

One or more shareholders holding together at least one twentieth of the share capital may (i) request that one or more items be added to the agenda of any meeting of shareholders, provided that such item is accompanied by a justification and a draft resolution to be adopted in the Meeting; or (ii) table draft resolutions for items included or to be included on the agenda of the Meeting and indicate the postal or electronic address of the sender. Such request must be addressed to the Company's registered office by registered mail at the latest the twenty-second day preceding the meeting. The Company will confirm the receipt of the request within forty-eight hours of such receipt. The Company will then, at the latest fifteen days preceding the Meeting, publish a revised agenda.

3. Attendance and Voting at Shareholders meetings

In order to be authorised to attend and to vote at any shareholders meeting, shareholders have to be recorded in the shareholders' register at the moment of the record date (the "Record Date"), which is fourteen days prior to any such meeting at 24.00 hrs CET.

Any shareholder which cannot attend the meeting in person may appoint a proxy which needs not be a shareholder.

Each share is entitled to one vote.

FDR holders shall be represented at the annual general meeting of shareholders by the Fiduciary.

An FDR holder which wants to attend the meeting in person, has to be recorded as a shareholder in the share register of the Company at the Record Date. Consequently, the FDR holder has to request the conversion of FDRs into A-shares in accordance with conditions 12 and 16 of the Terms and Conditions of the Amended and Restated Fiduciary Deposit Agreement dated September 26, 2001. A copy of this document is available at the bank where the FDRs are held. No charge for conversion will be requested for natural persons who are not yet A-shareholders and who proceed to a conversion of a maximum of 10,000 FDRs into A-shares, for any such conversions requested after the publication of the convening notice but not later than the Record Date.

Any FDR holder is entitled, subject to any applicable provisions (e.g. under Luxembourg Law, the Articles of Incorporation, shareholders' thresholds and the Concession Agreement of SES Astra) to instruct the Fiduciary as proxyholder as to the exercise of the voting rights by means of a voting certificate available on request at the bank where the FDRs are held.

In order for the voting instructions to be valid, the voting certificate form must be completed and duly signed by the FDR holder or, as the case may be, the beneficial owner. Upon receipt of the voting certificate on or before the date determined by the Fiduciary with such certification and evidence as requested by the Fiduciary or by the Company, the Fiduciary shall transmit to the Company the relevant certifications and supporting evidence and the Company shall verify whether the relevant holders of FDRs or the beneficial owners thereof would qualify as an A-shareholder of the Company if in lieu of FDRs they would hold the corresponding number of A-shares.

If within eight Luxembourg business days from the receipt of such certification and supporting evidence, the Company has not notified the Fiduciary of its rejection of the request of a holder to exercise its voting rights pertaining to the A-shares underlying its FDRs, the Company shall be deemed to have accepted the relevant voting request.

After receipt of the written approval of the voting request by the Company, the Fiduciary shall vote or cause to be voted in accordance with the instructions set forth in such requests. The Fiduciary may designate and appoint authorised representatives to attend the meeting and vote on behalf of the FDR holders.

The voting instructions are deemed to be irrevocable and definitive 48 hours prior to the time for which the meeting has been convened.

If the Fiduciary has not received voting instructions from the FDR holder, the Fiduciary shall be deemed to have been instructed to vote in the manner proposed by the Board of Directors in the relevant meeting.

X. Remuneration

1. Remuneration of Board members

The remuneration of the members of the Board of Directors is determined each year by the Annual General Meeting of Shareholders.

Members receive a fixed annual fee as well as a fee per Board meeting which they attend. Half of that fee will be paid if the director participates via telephone or videoconference in the meeting. Board members who sit on a Board Committee are also entitled to a fee per Committee meeting attended. A Director participating in more than one committee meeting on the same day shall receive the remuneration for one meeting only. There is no annual fee paid for being a member of any of the Committees, except for the chairpersons of the Committees who receive an additional fee per year for chairing the Committees.

All these fees are net of any Luxembourgish withholding taxes on directors' fees.

Board members do not receive any stock options.

2. Remuneration of Members of the Executive Committee

The remuneration of the members of the Executive Committee is determined by the Remuneration Committee. It is composed of a fixed and a variable part. Part of the compensation is paid in cash, another part in equity.

The cash part of the compensation is composed of the base salary and of a bonus. The bonus target represents between 50 and 100% of the base salary and is capped at 150% of the target. The bonus is determined on the basis of three elements: (i) financial objectives (for 50%), (ii) personal objectives (25%) and (iii) a discretionary part (25%).

The equity part of the remuneration is composed of three different components with an annual grant value ranging from 58% to 105% of the annual base salary:

- Stock options, representing one third of the total equity grant. The stock option is a standard call option with a maturity of 10 years from the date of option grant. The final strike price corresponds to the average of 15 days closing prices at Paris stock exchange after the allocation of options by the Remuneration Committee. The number of units allocated is derived by the applicable percentage of the base salary and the value of the stock option which is computed by an external and independent valuation firm and using a Binomial or Black-Scholes valuation. The final stock option valuation of each grant is then approved by the Remuneration

Committee. The options are vesting in quarters on January 1 of each of the first four years following their grant and remain exercisable until 10 years after the grant.

- Restricted shares, representing one sixth of the total equity grant, are FDRs granted with the sole condition that at the day the shares vest, the beneficiary is employed by SES. The Restricted Shares vest on 1 June of the third year following the year of the grant. The number of restricted shares is determined by multiplying the annual base salary with the applicable percentage and divided by the average 15 days preliminary share price.
- Performance shares, representing half of the total equity grant and which is subject to both the individual performance of the Executive Committee member and the company's financial performance. The latter is measured by the compounded Economic Value Added over the vesting period and is reviewed by the Remuneration Committee each year. The number of performance shares is determined by multiplying the annual base salary with the applicable percentage and divided by the average 15 days preliminary share price.

Other benefits are provided to Executive Committee members, the amount of which is aligned with local practices, and include company car or car allowances, pensions (defined contribution scheme) and health care plans, death and disability insurances, health check-up and, if applicable, other benefits such as temporary tax support or school fees.

Executive Committee members are hired on a permanent basis and employment contracts are drafted according to local regulations. Most members are entitled to two years of base salary (including statutory indemnity) in case the contract is terminated without cause. If they resign they are not entitled to any compensation.

In its annual report, the Company will disclose the aggregate total gross compensation of the members of its Executive Committee split between base salary and cash bonus. The disclosure will also indicate the exercised number of stock options, restricted shares and performance shares, as well as other remuneration elements such as pension contributions, car allowances and other benefits.

XI. Share Dealings

Any Director or any employee of SES who wishes to deal in SES Securities must obtain prior permission from the Secretary to the Board of Directors. He or she should contact the Secretary by e-mail and send a copy of his or her request to deal to the Chief Financial Officer of SES.

The person will be notified as quickly as possible, but not later than twenty-four hours after having sent his or her request. Only after having obtained prior approval, may the person trade in SES Securities.

Any Director or any member of the Executive Committee or any person closely associated with him or her, as defined in the SES Dealing Code, who has dealt in SES Securities in accordance with the above-mentioned rules, needs to inform the Chairman of the SES Compliance Committee with the relevant information about the transaction in SES Securities as soon as possible after the transaction. The Chairman of the SES Compliance Committee will then take care of the relevant publication.

- (i) notified to the Commission de Surveillance du Secteur Financier (the “CSSF”);
- (ii) published on the SES website, where the information will be published under “Management Disclosures” and be kept for a minimum of five years; and
- (iii) disseminated via Businesswire in the same manner as any other regulated information and press release.

No Director shall deal in the Company’s Securities during a closed period. The closed periods for each year shall be determined by the Executive Committee at the beginning of each calendar year and published on the Company’s website.

Prior to the commencement of each closed period, the Chairman of the SES Compliance Committee will inform the Directors and employees of the Company of the exact timing of such closed period.

Furthermore, a Director must not deal in any of the Company’s Securities when in possession of unpublished price sensitive information or when he/she has not obtained clearance from the Secretary.

The detailed rules on how to deal in the Company’s Securities are included in a specific Dealing Code.

XII. Risk Management

The Board of Directors has overall responsibility for ensuring that the SES Group maintains a sound system of internal controls, including financial, operational and compliance controls and appropriate risk management.

The internal control and risk management procedures are designed to ensure:

- that operations are performed efficiently and achieve effective results;
- the integrity and reliability of financial information, both for internal and external use;
- that assets are safeguarded; and
- that actions and decisions are in compliance with applicable laws, regulations, standards internal rules and contracts.

The Board of Directors has delegated the design, implementation and maintenance of a rigorous and effective system of internal controls and risk management to the Executive Committee of SES.

The Internal Audit function evaluates the relevance of, and the compliance with, internal control and risk management procedures.

Under its charter, which has been adopted by the Audit and Risk Committee, the Internal Audit function reports to the CEO of SES, but it may also report directly to the Audit and Risk Committee.

The activities of the Internal Audit function are executed in accordance with an annual audit plan. This annual plan is established using a risk assessment methodology based on a risk mapping exercise. This exercise involves identifying the inherent risks relative to all business processes and then assessing the levels of residual risks after consideration of specific mitigating controls. The annual plan is reviewed and approved by the Audit and Risk Committee.

Internal Audit monitors the implementation of internal control and risk management recommendations and regularly reports on effective compliance to the CEO of SES and to the Audit and Risk Committee.

Internal Audit also regularly coordinates audit planning and exchanges relevant information with the Group's external auditors.

The external auditors are elected by the Annual General Meeting of shareholders for periods of one year.
